Dear Mr. Weisberg:

I am returning herewith the enclosures which accompanied your letter of January 2, 1971.

In our telephone discussion I advised you that we have forwarded to the Archives the original Memorandum of Transfer of the materials relating to the autopsy of President Kennedy. Also, we are unable at this time to reconcile Secret Service control numbers to Warren Commission documents or Warren Commission exhibits.

In the most recent review of Secret Service documents at the Archives, I attempted to declassify all of the information which was contained in Secret Service reports except a limited amount which originated from other agencies. These supplying agencies must declassify that information.

Very truly yours,

Thomas J. Kelley
Assistant Director
